RETURN TO THE FORBIDDEN PLANET

This hyperspace adventure combines Shakespeare's 'The Tempest' with great Rock'n'Roll classics, from 'Shake, Rattle and Roll', to 'Good Vibrations' and 'Wipeout'. With a healthy dose of science fiction, we have a fantastic musical with monsters, a robot and multi-layered love stories.

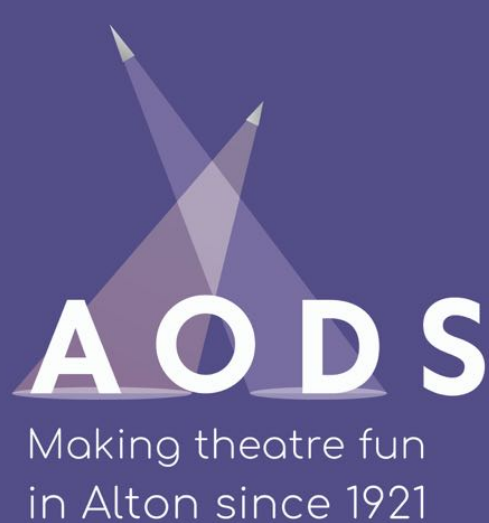

Will the right couples end up together? Will the spaceship survive the action laden show? Will the Alton Assembly Rooms really go into space?

Well, the last question is totally, yes. We are going to 'Return to the Forbidden Planet' taking our Alton audiences on a fantastic voyage.

Operated by father and son Paul and Davis Clements boasting over 40 years experience in the trade. Specialising in Carpentry and Joinery from hanging doors to building tree houses. We are pleased to quote for any type of wood work including kitchens, bathrooms and fitted wardrobes. All work undertaken is finished to a high standard. If you have any projects large or small please give us a call on 07535 732127 and we will be happy to come take a look.

Join our crew

Stage Manager Robert Hudd,

"When we've got a good bunch of people together, we have a fantastic time. You learn new skills, meet new people and have a laugh in the process!"

Whether you have existing skills or not, there are plenty of roles to fill in the crew. The society is particularly looking for anyone with a reasonable level of DIY or artistic flair.

If you fancy getting involved with an integral part of Alton's community and appearing in the limelight isn't your thing, then why not try this out instead? Email backstage@aods.org for further information.
